FRANCESCO ZONCA STUDIO is an Italian collectible design and interiors studio blending Japanese simplicity with Italian materiality, to create pure and expressive forms. The Levante collection is described as “A warm wind blowing from East, that smooths, rounds and warms everything.” Pictured: Levante Armchair from Levante Collection. Visit www.francescozoncastudio.com and follow @francescozoncastudio on Instagram.

17. **DESIGN STUDIO VERDUYN** creates objects designed to capture your attention. From his base in the heart of Passendale, Davey Verduyn combines experience and knowledge to merge modern simplicity with a sense of robustness, bringing functionality to his own unique style. Visit verduynstudio.com and follow @verduynstudio on Instagram.

18. The Madison Sconce by **MODU STUDIO** is a sculptural ode to material and craft, cast in silicon bronze with a raw, expressive texture. Its alabaster glass comes alive when illuminated, revealing delicate natural veining beneath a soft, atmospheric glow. The customisable square form can be installed in a seamless sequence or featured on its own as a singular statement, accented with bronze details. Visit www.modu.nyc and follow @modu.nyc on Instagram.

19. For 80 years, **OKM** has been setting standards in bedding production, providing exceptional sleeping comfort. They bring decades of experience manufacturing high-quality down and feather duvets, using only German white goose down and feathers, hand-filled for exceptional comfort and longevity. Their duvets and pillows can be personalised with coloured piping and embroidered initials. Visit o-k-m.com and follow @okm.bedding on Instagram.

20. **JUSTCO** is a female-led curated showroom in the heart of Miami. Featuring a considered collection that spans one-of-a-kind antiques to custom in-house builds, mixing the old with the new, always laced with character and lived-in charm. Visit shop.justco.com and follow @shop.justco on Instagram.

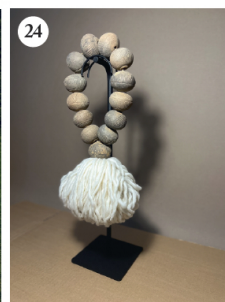

21. **KLANGNAPHA**, founded by Sintela Vergeer in Amsterdam, creates stoneware home objects defined by simple grace. Named after her mother's Thai surname, Klangnapha creates handbuilt pieces inspired by organic forms and natural tones. Thoughtfully crafted to elevate everyday spaces. Visit www.klangnapha.com and follow @klangnapha on Instagram.

22. In Milan, **ARCH PLUS ULTRA** crafts stories of light and form. The Ottavia Lamp is more than illumination, it's a quiet sculpture of warmth and intention, revealing the studio's instinct for beauty where architecture meets emotion, and craftsmanship becomes pure, modern poetry. Visit archplusultra.com and follow @archplusultra on Instagram.

23. Since 2013, Hamburg-based designer Nataša Vučković has been creating meaningful homeware through her label **NAVÜCKO**. Her typographic designs blend emotion and message, crafted responsibly in Germany and the EU. Navucko stands for thoughtful aesthetics and conscious living. Visit www.navucko.com and follow @navucko on Instagram.

24. **STUDIO JULIA ATLAS** presents Studies of Peace, a collection of prayer bead sculptures, inspired by her Turkish and African roots. The sculptures are an indigenous expression; power objects to awaken the spirit, deepen the connection to self, humanity and earth. Visit www.studiojuliaatlas.com and follow @studio_julia_atlas on Instagram.
